NOTE TO READER CONCERNING LEADERSHIP LISTS

The tie-ins between individual people in these leadership lists with the New World Order have not all been found. Most of the Freemasons within the U.S. President/Cabinet member list have been identified, but there are still many Masons within the religious groups listed that remain to be found. Most of Lucis Trust members and Council of Foreign Relations members have also been identified. There are local chapters of the CFR besides the national group, and this has added much confusion as to who is or isn't in CFR. For instance, JFK was a member of a local group, but is never listed in the national level CFR membership lists. So the bottom line is that if some tie-in is given, you can know it is accurate, but if nothing is indicated after a person's name, it may simply be that more research would disclose how that person is connected to the establishment that is now known as the New World Order.

THE MASONIC LODGE LIKES TO RECRUIT PRESIDENTS TO SERVE AS FIGUREHEADS. HERE ARE U.S. PRESIDENTS WEARING MASONIC REGALIA. POWER IN THE MASONIC LODGES IS ULTIMATELY IN THE CONTROL OF SATANISTS. This Author has received reports from ex-high ranking Masons that all U.S. Presidents this 20th century have been Masons, but there is no way yet to confirm this. Johnny Todd, who was part of the Illuminati and who was in charge of all the political/drug/occult activity in his 13 state jurisdiction, before coming to Christ in 1972, states that all U.S. Presidents of this 20th century have not only been Masons, but have been 35 degree Freemasons of the the super-secret Rite of the Warrior

William Howard Taft

on the Block, which is equivalent to the 6th level of Satanism and both perform blood sacrifices. Todd states that recent U.S. Presidents have been part of the Illuminati. Other sources confirm this about our most recent Presidents.

Ronald Reagan receives his 33 degree.

BRITISH ROYALTY

WHO WERE

FREEMASONS

GREAT BRITIAN THE CENTER OF THE WORLD'S SATANIC ORGANIZATION

Great Britain is the mother country of Satanism.¹ Scotland has long been an occult center. The national symbol of Scotland is the dragon (the snake), and for years the chief of Scotland was called the dragon. The Gaelic language is an important language for Satanism, although English and French are also used extensively by the Illuminati. The planning sessions for world takeover that some ex-Satanists experienced were held in French. The British Royal Family have long been involved with the occult. For more information on this there is a detailed examination of the Royal family and the occult in the book *The Prince and the Paranormal -the Psychic Bloodline of the Royal Family* by John Dale (1987).² They have also been actively involved with Freemasonry. (See the chart.)

British MI6 has been a major vehicle for the Satanic hierarchy working behind the secret veil of Freemasonry to control world events.³ British MI6 is the most secret intelligence organization in the world.⁴ (It is properly known as British Secret Service not to be confused with the U.S. agency by that name but performing a different function entirely.)

The British Royalty have served as important figureheads to British Freemasonry lending credibility and respectability. British Freemasonry has managed to keep itself free of much of the criticism that the other national masonic groups have brought on themselves. However, much of the credibility of British Freemasonry is undeserved. True, British Freemasonry is what it portrays itself to the public for the lower levels. But, the lower level Masons by their dues and activities are unwittingly supporting an organization that is led by Satanists at the top.

An example of the subterfuge constantly exercised on the public by Freemasonry is a book purportedly written by a non-Mason entitled *The Unlocked Secret Freemasonry Examined*. The book portrays itself as an unbiased and complete expose of Freemasonry. The book states unequivocally that the Masonic order called Societas Rosicruciana in Anglia [sic] is only open to Christians and is a "Christian Order." However, Edith Star Miller reprints copies of a number of letters from the chief of the Societas Rosicruciana in Anglia which show that the English Grand Masonic Lodge, the SRIA, the OTO, and the German Illuminati are all working together.⁵ She briefly explains how she obtained the letters.
